## BATTING STREAK BY LOCALS WON

Gold Diggers Taken Into Camp by A Score of Four to Three.

#### ERRORLESS BALL.

New Pitcher for the Miners-Engle Pitched for Home Crowd and Kept Hits Scattered.

Although the local ball team was in somewhat crippled condition yesterday when they faced the Butte gold diggers again, they played a snappy clean, errorless game and got away with the golds. They did good work in the field and when it came to batting they had it all their own way. It was a case of dowles and triples and run all the way through. Butte came close to makthings even in the ninth, but they ing things even in the ninth, but they left the chance slip and the result was that our side won. A two-bagger, a walk and a single filled the bases with two men out and it looked dark for the local bunen. Lynch shot a bunt down to third and Wilmot, who was on that base, was slow in getting away. The delay cost the game as Hausen captured the ball and touched the runner, bringing the trouble to an end.

Weaver also had a bad mitt and took McNeeley's position at right. Hanley was in middle and Tozer at right. In spite of these changes Sait Lake went into win and they won.

Butte introduced a new twirler in the person of one Martin, He did very' well but the locals bunched their hits just right and he was destined to lose. Engle, shot the benders for Sait Lake, and although he was hit plenty he managed to keep them scattered. The summary follows:

#### Horse Won \$10,000.

New York Sept. 28.—J. E. Madden's The Minute Man easily won the \$10,000 Matron stakes for colts and geldings at

Morris park today. He and his stable companion, Hanique, were favorites in the betting, closing at 6 to 5. W. C. was second. Six good 2-year-olds faced the starter for this event. The Minute Man went out to make the pace and as the field came in sight at the head of the stretch he was leading by a length. He gradually increased his lead to the finish and won by four lengths. Armenia won the filly end of the Matron stakes by a head from For Luck. Lady Amelia, the favorite, cut out the running to the dip, where she stopped.

#### BISHOP HAS TROUBLE. Manager for Mexican Herrera Butts Into

Hard Game at Seattle.

Hard Game at Seattle.

The San Francisco Bulletin says:
It is quite certain that the chief of police of Seattle will not allow the McClelland-Herrera match to take place, and for the reason that it has not the right political backing, "Biddy" Bishop induced a Seattle attorney by the name of William Morris to go to the front for him in the matter of a permit, which was eventually granted. Then Bishop sent here for McClelland and proceeded to make other arrangements to have a fight. His plans, however, have been shattered. And all because "Biddy" is up against a political game too strong for him to break.

Frank Claney, a gambler and saloon-keeper—the Dick Croker of Seattle—is back to the fight game there. Clancy is a man who makes and mars political aspir-ants.

man who makes and mars political aspirants.

Clancy did not relish the idea of an outsider getting into the fighting—game. Therefore, when he heard that Chief Sullivan had granted Morris a permit he at once waited upon the chief and demanded an explanation. It was then that Chief Sullivan called in the Seattle sporting writers and informed them that upon consideration he had decided not to allow the Herrera-McClelland fight to come off.

Bishop is inclined to stay there and fight it out. He says Morris has as much power as Clancy has. He says that his friend will go at once to the mayor and insist upon a permit. Chief Sullivan says that if he does then he will stop the fighting game for all time. It certainly looks bad for the sport in the future. Unless Bishop can be called off the game will be as dead there as it is in Portland.

#### RUHLIN-CARTER DRAW. Big Fellow from Akron Could Not Whip

In the fourth round Carter was sent to the floor and he took the count, and in the sixth round Carter struck Ruhlin a stinging blow which cut the latter under the right eye. Ruhlin weighed 184½ pounds and Carer 171½.

Followers of Yanger believe his advantage in ring generaiship will help win the bout for the Chicago lad.

Shrewd critics figure that Hanlon being a youngster at the pugliistic game will in a moment of excitement lose im heau, when he faces Yanger in the ring, and the little Italian, who always is as cool as the proverbial cucumber, will land one of his terrific stomach punches which have no more than one occasion won him glory in the ring.

Hanlon, however, is getting all the counsel bis friends can give him.

Whether it all will be of avail or not remains to be seen and when the two featherweights clash on the 25th a battle royal should ensue.

Hanlon is a Strong Favorite in the Betting, the Odds Being Ten To Seven.

Inanion is a strong favorite here at odds of 10 to 4, with plenty of money on the long end. It is expected, nowever, that before the fight comes on't Hanion's agreements will be forced to give a shade better price unless something crops up in the meantime to cause a nuctuation in the other direction. The fight is to be 20 rounds, and many lean to the opinion that it will go the limit. Both men are in line condition and the adherents of both sides are fully confident that their man will win out.

Alex Greggains, who was behind Yanger in June, has been invited to second nim again tonight, but seems loth to accept. A declination on his part will bring the veteran Billy Roach into the corner. Harry Foley will second Hanion as usual. A large attendance is assured at the contest.
